

PROFESSIONAL SUMMARY

ACCA student (8 of 13 papers passed, all on the first attempt) with hands-on experience in Accounts Payable/Receivable, bank reconciliation, general ledger bookkeeping, and vouching of transactions against source documents. Skilled in preparing working papers and reconciliations that support monthly closing, financial reporting, and regulatory compliance (BAS/IAS, STP, superannuation) across Xero, MYOB, LightYear, and Deputy. Reconciles 100+ transactions monthly with zero discrepancy carryover, reflecting the accuracy, discipline, and policy compliance required for daily accounts and financial control work.

WORK EXPERIENCE

Accounts Trainee | Accounts Automated – Lahore

March 2026 – Present

Department: Accounts & Finance

- Manage and reconcile Accounts Payable and Accounts Receivable for an Australian client, processing 50+ invoices weekly and reconciling 100+ transactions monthly across multiple accounts.
- Maintain the general ledger and bookkeeping records across Xero, MYOB, LightYear, and Deputy, ensuring accuracy and audit readiness.
- Perform bank reconciliations and vouch transactions against source documents, resolving discrepancies before month-end close.
- Process full-cycle weekly payroll, including STP reporting and superannuation contributions, maintaining full compliance with Australian payroll regulations.
- Prepare and lodge BAS and IAS activity statements, maintaining accuracy across GST and tax obligations.
- Prepare working papers and supplier statement reconciliations to support monthly closing, financial reporting, and compliance with company financial policies.

Accounts Intern | Core Accountancy – Sialkot

September 2025 – March 2026

Department: Accounts | 6-month tenure

- Managed Amazon sales invoicing and payout cycles; in the final quarter, handled payouts every 14 days, each requiring reconciliation of roughly 30 sales reports for accuracy.
- Processed end-to-end financial data entry and general ledger bookkeeping in Xero, including invoices, bills, and payments, supporting daily operations.
- Performed bank reconciliations and vouched transaction entries in Xero against source documents, identifying and resolving discrepancies across accounts.
- Handled intercompany transactions, ensuring accurate recording and reconciliation across related entities.
- Prepared and analyzed sales reports to support management budgeting and decision-making.

EDUCATION

ACCA – Association of Chartered Certified Accountants
